

Droning On - Safe and Successful Operation of Unmanned Aircraft Systems

Just as the Air Age started in 1903, and the Space Age began in 1957, the year 2016 represented the beginning of the Drone Age, with release by the FAA of 14 CFR Part 107, containing new rules for drones sharing our airspace. Professor H. Paul Shuch, an FAA Safety Team Lead Representative, will discuss the latest rules and opportunities for Unmanned Aircraft Systems.

Directions: Terminal building, Second Floor Conference Room

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
